PRINCE TUAN AT ULUMSKI.

Pekin, June 28.—Word has been received here of the arrival of Duke Lan and Prince. Tuan at Ulumski, Turkestan, where they have been sentenced to live in banishment.

Washington, June 28.—A curious discrep-ncy concerning the amount of the Chinese adempities has developed, by which it ap-cars that China has agreed to pay about 5,000,000 tnels, or \$25,500,000 more than the nited demands of all the Powers.

Just how this occurred is not clear to officials, but it appears to have been an er ror of calculation at Pekin, in the first place by those making up the indemnities, and later by the Chinese in their hasty ac-ceptance of the total. As finally made up this total was 450,000,000 tacls, but the pre-ent calculation, after taking in all of the de-

ent calculation, after taking in all of the de-mands that are known, makes the total only 415,000,600 taels.

In the meantime, China has agreed to pay the larger amount, so that the question now arises: What will become of the excess of 35,000,000 taels?

Another question which has arisen in this connection is as to the amount of bands which shall be issued to Japan, as that country has drawn attention to the fact that its share of indemnity cannot be nego-tiated on as favorable terms as some of the other Powers can make.

For the First Time Since the Franco-Prussian War the French Colors Have Been Welcomed at the German Capital-Feeling Brought About by the Paris-Berlin Automobile Races.

Paris to Berlin is responsible for the fact that for the first time since 1570 French and German flags are peaceably flying together in Berlin. The tri-color is seen on nearly every street and on the hotels, and it has even been raised over public buildings. The French and the German flags are intertwined over the gate of the barracks of the crack guard corps, where some of the competing automobile cars will be housed to-morrow.

The entire city of Berlin is agog with excitement about the race. The contestants

There are thousands of visitors in Berlin from outside points and two extra trains have arrived from Paris bringing those interested in the event. A succession of minor accidents, occurred in the middle stage of the race. The petroleum motor blew up while sporoaching Dusseldorf and its occupants were slightly injured.
